Projects

Reach [↗](#)

Reach is an acronym for Reach, Engage, Act, Consult, and Help. It is an insurance management platform that connects insurers, agents, brokers, and clients on a unified platform to facilitate seamless insurance claiming activities.

ERP Brajamarketindo [↗](#)

software specifically for internal use includes inventory, crm, point of sales, HRM, customer service, delivery, sales management, supply chain management, payroll, KPI, accounting, and schedule management

Breasy - GYM Apps [↗](#)

Web & Android App

Inspired by Muscle Beach in California, we believe fitness should be open and accessible to anybody. We aim to develop a culture of fitness and closed knit community for any individual looking to improve themselves regardless of their fitness goals.

Jebhealth [↗](#)

You can book appointments, pay online and earn reward points when you order from one of the largest health marketplaces in Southeast Asia. Integrate with airwallex for payment gateway

Point Of Sales - UD. Zainal Abidin [↗](#)

a point of sales application used for data processing needs at a wholesale shop in Central Lombok

Point Of Sales - CV. Gerbang Mas [↗](#)

a point of sales application used for data processing needs at a sauce and tobacco distributor located in Mataram
